My dear classmates 3 A. M.

This has been a most enjoyable day for those of us who are here.

It is hardly probable that I shall be present five years from today if not here ~~at any time~~ ^{greeting} to you all.

Father and mother are just as good as they were when we were junior seniors and I hope that father time will continue to treat them kindly.

Here's to the best class ^{graduated from}
Here's to my beloved father + mother
