C. N. KINNEY, A. C., M. S.  
CHEMIST OF THE BOARD

GUILFORD H. SUMNER, M.D.  
SECRETARY, DES MOINES

Dear '07's:-

At Faller + Mother Kinney's

June 14th 1911. 2.45-4.30 P.M.

My what a time we've had all day yesterday, and what a good start on another good time today! Twelve babies in the class. New husbands and wives everywhere. Anna Rehman-Palms is sitting on the floor as usual. The jig is to be a regular re-union feature. Jonette not married yet. Oliver ditto. Both behaving up well. The class is very sympathetic. Now it is "Dr. Luehbeck", "Dr. Hall", "Dr. Stouffer", "E. Tent", Lewis has a "compup-ulated" horse and buggy in Zeoring. He has a funeral and a half a month. No wedding. Cabbage has a little cub. Artie looks he-peaked. He looks scared also. This is because Anna is going to do the cooking hereafter. Faller and Mother better than ever. Drake is doing grandly. Chiefly because she has had the benefit of four years of '07 Alumni work. The great class of '07 has been making good. Only few have changed from their life-work. Whoever opens this jug, give thoughts to your albat ones. Do not fail provide for a class this every year.

Yours for ever

E. H. Morris
