

## Letter #1

3am June 14, 1911.

Dear '07's,

May you open this jug with the same enthusiasm as you did the one 5 years ago. May Prof. Kinney have his wish of 50 grandchildren. May Mother Kinney's sweet generosity then add to our joy as now. May Janette and Lola be married. May Mr & Mrs Booth have more babies to win prizes(?). May Deupree have the satisfaction of competing in that baby contest. May we not again miss our clown Wilkinson. May Woodrow be less growchy (grouchy) and Lewis less lonely. May my wife be as good as ever. May you all return for that future day, and rejoice on that grave (great?) reunion of '07.

Arthur Palas
