

School of Education

Today is October 9, 2015

Midterm grades

Midterm grades are due October 26, via MYDUSIS (directly entered from MYDUSIS, or through Blackboard). Required for all first year students, highly recommended for others.

It's time to schedule advisee meetings

Students register for spring starting November 2. Advisors should meet with advisees to review course selection prior to students' registration times, which they can check at:

<http://www.drake.edu/studentrecords/registration/>
Advisors can get a list of their advisees through MYDUSIS and can email them all using the icon at the bottom of the advisee listing in MYDUSIS. That page also contains quick links to students' information including expected graduation date (follow the student information link).

Candy!

Candy will be available the weeks of October 19 and 26 in the SOE Curriculum Library. Please donate candy if you are able, and come to eat a piece if and when you need one.

Japan America Society of Iowa invite

Dear Educators and community leaders,
Today, I am sending you an announcement for

Fall SOE clean up times scheduled

We have ordered an extra dumpster and extra shredders for the Fall, 2015 SOE cleanup times. Please start with the common spaces in your efforts to make the SOE a more pleasant place to work and visit.

FOR FACULTY: 12-1 pm on Tuesday, October 27 (before the faculty meeting. Staff are invited but not required to participate at this time).

FOR STAFF: 1:45-3 pm on Wednesday, Oct 28 (after the staff meeting).

South Africa

Sally Beisser and Laura Kieran are in South Africa at one of Drake's partner schools, University of KwaZulu-Natal. They have sent detailed updates and are doing well and making great connections.

Tech Talk invitation

Friends, Colleagues and Invited Guests,

The Doc 360-Technology and Leadership class will be putting on TECH Talks from 9:00-noon on Saturday, Oct. 17th in the Sussman Theater. Sussman Theater is located in the basement of Olmsted Hall on the Drake campus. These TECH Talks are

a rare, educational event on Oct 17th (Sat). We have a few community members in town, who had experienced Japanese Internment Camp during the WWII. Our organization, Japan America Society of Iowa (JASI), is happy to present two wonderful speakers, who will share their difficult but inspiring stories about the Japanese internment camp. The event is free and open to the public. Please let others know this wonderful opportunity as well. Thank you very much.
Hiromi Umeda, President of JASI.

modeled after the popular TED Talks though the focus will be specifically on technology and leadership. Each talk will be 10 minutes or less with value to the field. These student presentations are the culminating project for the class that will be insightful and inspirational. If you are interested in hearing some or all of these talks please stop in and enjoy. Here are a couple of the topics for the TECH Talks:
Training or Technology: Which first to facilitate change?
Insights on technology adoption: Do we need a blueprint?
How Open Educational Resources are changing Education.
The importance of technologies to assess student learning.
Are millennials best to lead technology initiatives?
