

Today is May 27, 2016

Dates

On June 7 our Ed Leadership Department will host the third annual workshop related to Standards Based Grading. There are over 200 teachers, consultants and administrators registered...a testament to the level of expertise that Randy Peters, Trent Grundmeyer, Doug Stillwell and Tom Buckmiller have developed in this area.

Notes

If/when you are traveling this summer, may you return safely. Jan McMahon

Special Remembrance, Special Season

As we approach this "Holiday" weekend, I am aware of the various meanings attributed to Memorial Day. For many, it is a well-deserved work break but not entirely a celebration. If you have lost friends and family members recently, it may be a very different time. Retailers seem to think this is the time for special promotion but we know there is a greater purpose than a 30% off sale!

Spotlight

- By 10:00 a.m. on Wednesday, 100% of all faculty and adjunct instructors had submitted spring semester grades! This is a tremendous effort that is greatly appreciated.
- We have permission to add two faculty members to support the growing Master's Degree and Endorsement programs off campus. In just one week, we have over 40 applicants and will commence phone and live interviews in June for a fall start.

Updates

- Thanks to the social committee for the planning of our annual picnic at a great shelter house and recreation area at Greenwood Park.
- SOE Staff and Faculty hours change greatly during the summer but we have made plans to cover each area almost every day. If you have not already done so, please notify your supervisor of vacation or days away from the office.
- Finally, Molly Shepard Robinson has a new digital camera and she is available to photograph special events or shots of guests, student projects, etc.
