

**Today is August 31, 2018**

### **All In This Together**

Drake SOE faculty and staff met in our opening event on Friday, August 24 and chose the Drake Core Value that we are going to focus on this year. ALL IN THIS TOGETHER won, closely followed by Generosity of Spirit (maybe next year we will focus on that). Staff will work with their supervisors to create a personal work goal around All in This Together. When they put together their activity reports at the end of the year, faculty will also be asked to address a goal toward All in This Together. Today's challenge: Count the ways you already incorporate All in This Together in your life.

### **SOE Calendar**

The SOE 2018-9 Calendar was distributed at the August 24 meetings. Faculty should make sure to note dates of importance to them. Department meetings start Tuesday, September 4.

### **Record Breaking News**

Student Teaching Mentor Teacher Orientation on Sunday, August 26 was attended by a whopping 50% of Mentor Teachers. We are typically are in the 30% range. We almost had more Mentor Teachers than Student Teachers because most of our Student Teachers have more than one Mentor over the course of the semester.

### **Cowles Library**

Drake University's Cowles Library is pleased to announce that we now provide access to the majority of content on Elsevier's ScienceDirect platform. This includes journals, as well as books. Elsevier offers high-quality and highly-cited content in the life sciences, physical sciences, health sciences, and social sciences.

For more information, contact the SOE Library Liaison, Sam Becker at [samantha.becker@drake.edu](mailto:samantha.becker@drake.edu).

### **Jobs!**

Two weeks ago we shared job placement information for our Education Leadership graduates. Here is the information from our initial teacher licensure graduates:

Fall 2017 Student Teachers – Job List
