

Today is February 22, 2019

This Weekend in Collier Scripps

This weekend (February 22-23), the Math and Computer Science department is hosting the Iowa Collegiate Mathematics Competition here at Drake University, courtesy of Chris Porter!

Collier-Scripps will also be hosting some of this competition so please note that ALL zip spaces will be reserved on Saturday for this event.

Signs will be posted on those rooms being used for this. We also have our regular Counseling and BLUE students here this weekend, so the building will be busy!

Course Evaluation info for instructors

Course evaluations for spring term have been administered. Please login to Campus Labs and verify your courses. You can now check administration dates, review your roster, and add individual questions.

As a reminder, once the course evaluation has been released to students, you will not be able to make changes to the evaluation or the release date.

If you are a program director, you may want to share this information with adjunct faculty serving your program.

Let me know if you have any questions or need any clarification.

Iowa Women in Higher Education Conference April 4-5, 2019 in Ames

Conference Description: The focus of the IOWAWHE annual leadership conference for 2019 is "Lifting as We Climb."

Plan to attend the annual IOWAWHE conference April 4th and 5th, 2019 at Iowa State University, Reiman Gardens <https://www.reimangardens.com/>

Academic leadership is not for the faint-hearted, and certainly not if you are also a woman and an academic leader or a prospective academic leader. Are you or were you an "up and comer" in your career or institution? Did someone else notice you or were you the one noticing and lifting other women? Women leaders in academia often face multiple barriers, whether it is oneself, others, or the demographics that contribute to our individual profiles. There are multiple complexities that may obstruct ones' professional climb, yet how are we to negotiate them?

In the spirit of ACE's commitment to Moving the Needle and increasing the number of women in academic leadership positions, the IOWAWHE has chosen "Lifting as We Climb" as the 2019 theme. This theme will embrace the mountain of leadership complexities that women encounter during their climb in academia. You will gain an understanding of the paths and obstacles women leaders in academia have experienced in order to embrace opportunities when they present

themselves or to foster opportunities for others when in positions to do so; and you will leave the conference with the wisdom that 'we are all in this together.'

Event Details:

A pre-conference workshop on Negotiation will take place on Thursday, April 4, from 2:30-4:30 p.m. in the Garden Room, Reiman Gardens on the campus of Iowa State University. A reception and hors d'oeuvres will follow from 5:00-6:30 p.m. Conference registration and continental breakfast will begin at 8:00 am on April 5 and the conference will begin at 8:45 in the Garden Room, Reiman Gardens.

To Register:

February 25-March 1 is National Eating Disorder Awareness Week

#ComeAsYouAre on Instagram

#ComeAsYouAre on Instagram is an easy and fun way to help us kick off #NEDAwareness Week with things about ourselves we are proud to share. This is how you get involved:

1. WRITE a few things you like about yourself on a t-shirt, a piece of paper, or on your body.
2. TAKE a photo of yourself wearing the t-shirt, holding the piece of paper, or showing your "body art."
3. SHARE your picture on Instagram (Facebook & Twitter, too!) with a caption explaining why you chose the words you did and what this year's #ComeAsYouAre theme means to you.
4. TAG @neda and three people who inspire you to "come as you are," and challenge them to join the movement!

Collier-Scripps building hours

Collier-Scripps is unlocked during the following hours when classes are in session:

Sunday: 7:30 a.m.-9 p.m.

Monday-Friday: 7 a.m.-9:30 p.m.

Saturday: 7:30 a.m.-5:30 p.m.

Students with SOE and Math/CS majors can swipe into the building with a Drake ID even when the building is locked from 7 a.m.-2 a.m., Sunday-Thursday. Students who are already in the building when it is automatically locked are allowed to stay in the building. Students who need 24/7 access to swipe into the building should talk to their faculty member or adviser about how to obtain all-hours access.
